

First Call for Papers

Eurodisplay 2015

Het Pand, Ghent, Belgium

September 21-23, 2015

After the successful 2013 edition held in London, the next Eurodisplay conference will take place in Ghent, Belgium in 2015. Eurodisplay 2015 will be the ideal place for networking between all people involved in display related research and development. The conference will be a mixture of presentations by academia and industry, and a showcase of new display technologies during the exhibition. Ghent is a charming city that featured in the Lonely Planet's top 10 cities.

Special Topics of Interest

- Display Materials
- Display Applications
- Additive Manufacturing
- Metrology
- Displays and Lighting
- OLED and Organic Electronics
- Liquid Crystals Beyond Displays

Submission of papers dealing with **any aspect of information display** is encouraged.
