

Explore the Vast Potential of India's Display Market Unveiling Limitless Opportunities

September **11** - **12** - **13** 2024

India Expo Mart (IEML), Greater Noida

The India Cellular & Electronics Association (ICEA), along with the Society of Information Display (SID) and Messe Muenchen India, is hosting a dedicated Display Pavilion at the upcoming edition of electronica India and productronica India 2024. This focused area provides display solution manufacturers with a prime opportunity to showcase their innovations directly to their target audience.

As the biggest electronics manufacturing and sourcing trade show in India, electronica India and productronica India offers unparalleled access to a vast network of potential customers. This creates a significant opportunity for display solution manufacturers and suppliers to establish themselves in the rapidly growing Indian electronics market.

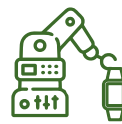

Visitor Industries

Smart phone
manufacturers/
OEMs

Tablet/Notebook
manufacturers

Wearable gadget
manufacturers

Consumer
electronics

Defence

Automotive

LCD/LED/OLED/
3D/Flexible displays

Medical
electronics

Who can exhibit?

Manufacturers, suppliers, traders of:

- Touch panels, modules/displays
- Capacitive touch screen - Capacitive/resistive touchscreen
- Production processing parts and components - Lens units, adhesives, glass substrates, etc.
- Production and processing equipment - Cleaning solutions, dispensers, soldering equipment, screen printing equipment, testing equipment, etc.
- Terminal readers
- Display modules - ED displays, LED displays, AMOLED displays, LCD displays, PDP displays, displays, flexible displays and e-Paper
- Display manufacturing equipment, inspection & repair equipment, display measuring instrument, display components & electronic materials, aerospace electronic control plates
- Membrane switches, sensors, membrane keyboards, touch sense keyboards, etc.
- Touchscreen equipment/devices - Screen printing machines, coating/deposition
- Components/materials - Screen printing consumables (conductive ink/silver paste/touch control etc.
- Biometrics - Fingerprint, retina, voice, signature identification, etc.
- Biological solutions - Biological recognition parts, connectors, assembly, sensor, reader, network module, data manager, FPC, chip, etc.

Reserve Your Booth Today!
